

# Ambassador Volunteer Sign-up Form

November 3-5, 2011

BBQ Festival Ambassadors are some of the most important people who assist with the National BBQ Festival each year. NBF ambassadors serve the visiting barbecue teams and vendors, who hail from many states and foreign countries before and during their visit with us in Waycross and Ware County, Georgia.

Can you imagine coming to a strange place to enter a very important cooking competition? There are always questions about the area and the availability of items to them as a team. You will be their "hospitality link" with answers and assistance. What a rewarding experience for those who volunteered in years past! Their family has increased to include some very nice barbecue folks! And, volunteering does not go without its rewards — plenty of great barbecue!
